## TECHNICAL DATASHEET

# NOMA® PROTECT SEPARATOR

NOMA® PROTECT SEPARATOR is the effective spacer for stacking heavy and fragile goods during storage and transport. The PET profile is characterised by **high compressive strength** and **water repellency**, allowing all products to be stacked neatly and securely. In addition, NOMA® PROTECT SEPARATOR offers a wide range of options for **tailor-made solutions** to ensure that each product reaches its destination safely.

### FEATURES

- › Fully recyclable PET foam
- › Efficient long-term storage and transport
- › Low water absorption
- › Resistant to corrosion and mould
- › Reusable
- › Can be produced in different lengths

### TAILOR-MADE SOLUTIONS

- › Densities and dimensions as required
- › On request with:
  - PET reinforcement
  - anti-slip coating
- › Can be produced as LDPE-HD profile on request
