YOUR TAILOR MADE PROTECTION

Scratches, paint damages, splinters … These damages are caused mostly by carelessness. The costly consequences are inevitable: unhappy customers, prolonged delivery times, need for replacement …

No need for that!

NMC foam profiles offer perfect protection solutions that can easily be integrated in your production line and removed at the customer's home. Our manufacturing process enables us to offer high quality tailor-made components that fit your specific applications. Our R&D team will work hand in hand with your experts to develop the ideal foam solution that will meet your highest requirements in terms of protection all the way from manufacturing to delivery.
