

NOMAPACK® GLASS PAD

NOMAPACK® Glass Pads act as spacers and can help protect sensitive glass surfaces from scratches and other damage during transport and storage. Due to the material properties of the pads in combination with smooth surfaces, a physical adhesion effect is created that supports positioning and allows low-residue removal under appropriate conditions.

PRODUCT FEATURES:

- » XLPa foam with a self-adhesive white foam layer
- » Supplied as pieces in cartons
- » Available in various thicknesses and dimensions

APPLICATIONS:

- » Spacers for sensitive and highly polished surfaces

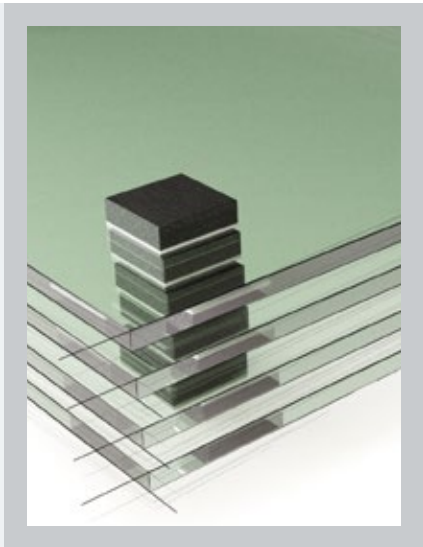

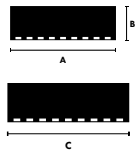

**SELF-ADHESIVE
SPACER PADS**
